5. Claims 1-31 are allowed.

6. The following is an examiner’s statement of reasons for allowance:

The current invention is deemed to be directed to a nonobvious improvement over the inventions published in US 2007/020660 and US 2007/0259528. The improvement comprises heating to consolidate the bond; during one of providing the two substrates or joining the bonding faces, impurity traps are created at the interface, such that any portion of the interface at a bulk region is within a predetermined distance from a trap; a misalignment between the crystalline portions when positioning the bonding faces is less than a predetermined misalignment threshold, the predetermined misalignment threshold is  $\pm 6^\circ$  in rotation and  $\pm 1^\circ$  in bending.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hsien-ming Lee whose telephone number is 571-272-1863. The examiner can normally be reached on Monday through Friday (8:30 ~ 17:00).
